SC**21**

HAND-HELD RADIO

SC**21** SERIES

With a wide range of **functionality** inherited from the ground-breaking SC**20** hand-portable – yet **25% smaller** – it offers all the benefits of a compact radio, with **no compromise on performance**

LOCATION-BASED SERVICES

Via GPS; RFID tag supports tracking of pool-issue radios

ENHANCED APPS CAPABILITY

New Sepura AppSPACE supports integration with body-worn devices

UNIQUE NOTIFICATION BAR

Gives rapid access to favourite features, indicates missed calls and messages, and clearly shows changed states such as speaker mute

UNIQUE SMART MENUS

Allow customisable presentation of features and hundreds of soft key functions

OPTIMISED FOR COVERT USE

With streamlined contours and a wide range of covert accessories

DUST AND WATERPROOF

IP65/IP67 certified the SC21 Series ergonomic non-slip case is impervious to water and continuous immersion to 1meter for 30 mins

EXTENDED OPERATIONAL RANGE

Class 3 RF transmission power and exceptional receive sensitivity for unrivalled coverage

BEST-IN-CLASS AUDIO

Directional speaker provides outstanding sound quality, even in the noisiest environments

UNIQUE WATER PORTING

Expels liquid, maintaining clear communication even in heavy downpours

ACCESSORY RE-USE

Compatible with all STP and SC20 batteries, as well as RAC- and sRAC-based accessories

LARGE, SUNLIGHT-VISIBLE SCREEN

The largest on any TETRA hand-held radio, for easy apps use and screen clarity in all conditions

ERGONOMIC KEYPAD

Well-spaced, hard-capped keys with haptic response for accurate data entry, even with gloved hands

NO-COMPROMISE RF PERFORMANCE

With best-in-class TETRA, the SC21 allows you to keep communicating where other small handsets fail. Class 3 high-power RF transmission, coupled with exceptional receive sensitivity, gives the SC21 extended operational range, stretching coverage into areas where it was not possible before.

NO-COMPROMISE COMMUNICATION

The SC21's audio capability allows for rich, clear voice communication, however noisy the environment. The powerful, directional speaker projects audio to the user's ear, providing extra clarity, and unique Water Porting technology ensures that clarity is maintained, even in continuous, heavy rain.

NO-COMPROMISE WORKER SAFETY

The SC21's advanced worker safety features offer peace of mind for lone and remote workers at all times of the day or night. From automated Man-Down and Lone Worker* protection, to biometric user health monitoring, location tracking and a dedicated emergency button, in the event of a crisis, help is never far away.

NO-COMPROMISE USABILITY

Uses full-sized screen and keypad ensuring real-world usability. The SC21 has a 2.4″ high resolution QVGA screen – the largest on any TETRA hand-portable – allowing for quick and easy viewing in all light conditions, including direct sunlight. Night mode reduces glare in low light, and the large screen area is ideal for data-rich apps usage. Well-spaced keys make data entry swift and accurate, and the intuitive user interface is compatible with the SC20/STP range, making it easy to pick up and use with minimal training.

The shortcut and notification bar gives instant access to five favourite features, indicates missed calls or messages, and alerts the user to any changed states, such as speaker mute or transmit inhibit. Custom-definable SmartMenus give users swift and immediate access to frequent features, short data applications and the forthcoming Sepura SmartApps.

NO-COMPROMISE SMART CONNECTIVITY

Today's TETRA handsets are the central hub of connected body-worn devices, from barcode readers and RFID scanners to smartphones, smart watches and tablets. The SC21 offers both Bluetooth and Wi-Fi connectivity, allowing fast access to data for business and mission critical applications. The SC21 also supports all levels of cryptographic protection inherited from the SC and STP Series.

LOWER COST OF OWNERSHIP

The SC21 is 100% compatible with STP RAC-based and SC20 sRAC-based accessories – along with common battery solutions – allows for significant re-use of existing investments and minimises capital expenditure.

SMALL AND LIGHT ENOUGH TO BE LAPEL-WORN, THE SC**21** IS A NEXT GENERATION, SMART TETRA HAND-HELD RADIO, AND THE LATEST ADDITION TO THE SC SERIES
